

NATURE

The Elemence product line uses natural, skin-nourishing ingredients to provide the foundation for optimal skin health. Botanicals are plant extracts, from both ancient times and more recent discoveries, that are rich in skin-beneficial properties, including conditioning, rejuvenating and anti-aging activity. The subtle fragrances come from natural essential oils that provide fresh, clean scents and also add soothing, calming properties. The preservatives are organic, naturally derived and parabens-free.

SAFETY

Thorough testing for safety and efficacy provides an assurance of quality and safe use for even the most sensitive skin. Each formula has been tested by dermatologists to confirm safety and guard against sensitivity, and independent testing certifies formulas safe from allergy or irritation. Elemence formulas are never tested on animals.
