

## Powerful ingredients yield tremendous results

**Moringa.** Nutritiously valuable, Moringa can be an important part of your regimen for building a core foundation for health. The combination of leaf, seed and fruit extracts from the Moringa tree provides healthy fats, protein, vitamins, minerals, and many important phytonutrients. Moringa was used historically for digestive, cardiovascular and immune support.\*

**Cassia Cinnamon.** One of several types of cinnamon, Cassia cinnamon is the only one shown to have positive effects on already normal blood glucose and triglyceride levels. This gentle, yet effective component of Nutri-Mor supports healthy glucose cellular uptake and glycogen synthesis, and has synergistic functions with insulin.\*

**Green Tea.** Known for its energizing properties and antioxidant powers, green tea is revolutionizing the health market due to its incredible strength and health benefits. The green tea leaf extract used in Nutri-Mor is caffeine free, eliminating the associated side effects, and has been found to support a healthy immune system, maintain already normal cholesterol levels, and stimulate metabolism.\*

## Building a strong foundation for health.

Think back on everything you ate over the last 24 hours. Was it healthy? Do you think you supplied your body with all the nutrients and vitamins it needs? Probably not. It is very rare for us to consume all the necessary vitamins and minerals our bodies need each day, even if we do eat healthily. Our foods are depleted of nutrients, beginning as far back as the mineral-stripped soil that was used to grow our produce. Daily intake of key vitamins can help build and strengthen your body, and provide a strong foundation for health.

“Scientific investigations have demonstrated considerable nutritive value in Moringa. The documented presence of several powerful polyphenolic antioxidants provides cells in all organ systems with protection against dangerous free radical damage.”

—Dr. William Keller, Synergy Medical Advisory Board

Nutri-Mor is more than just a vitamin supplement; it is the solution to your nutritional needs, bringing you cell-ready nutrients that support immune system function and mental clarity, and increase energy. This delicious, easy-to-take formula will protect your body on the inside while giving you health and energy you can appreciate on the outside.\*

Nutri-Mor combines the power of the Moringa tree with other key ingredients to deliver a synergistic blend of nourishment and bring your body into an optimal state of health and well being. These ingredients work together to supplement your diet with the vitamins and minerals that are deficient in the foods you consume. The result: heightened mental clarity, increased energy levels, and a body that thrives at its peak condition—a sure foundation for health.
